

On-Camera Makeup Workshop with Lindsay Durney

Headstrong Collective is very excited to offer our first makeup workshop! As actors, we've all had to do our own makeup for photo shoots, tv/film/commercial auditions, indie projects, and stage, and sometimes it didn't quite turn out the way we hoped. Ms. Lindsay Durney (Completions International School of Makeup) will be leading a tutorial on the basics of professional makeup application. She'll let you know which products are must-haves, how to use the products you already own more effectively, and what you can do without! Bring all your questions ("Do I need to wear HD makeup for HD cameras?!", "Why am I always shiny on-camera?!") you've never had the chance to ask. Please note that this workshop is designed for persons of all genders and space is very limited, so reserve your spot now!

About Lindsay Durney: Since childhood Lindsay has been in love with colour, beauty, art and design. Through her dance- and theatre-based youth, she was exposed to all aspects of production, its process and talent. On stage is where Lindsay realized her true passion was behind the scenes, in makeup. Lindsay graduated from Brock University's Popular Culture program and immediately moved to Toronto to pursue Completions International School of Makeup, where she honed her skills and further developed her keen eye and attention to detail. Trained by an elite roster of Canadian talent, she completed the program in its top percentile based on performance. Lindsay has since worked with leaders in the Canadian fashion industry from Holt Renfrew, The Fashion Design Council of Canada, Hudson Bay Company, Schwarzkopf Professional, L'Oreal Paris, as well as designers such as Lucian Matis and Amie. Her work also expands through several print and commercial projects. Lindsay's skill and talent combined with her vibrant energy and friendly, approachable demeanor set anyone in her chair at ease.
